

Review Courses for **GMAT** and the **NEW GRE**

Dramatically improve your test-taking ability, boost your exam scores and increase your chances for being selected by the graduate school of your choice.

Today, it's not enough to have a good grade point average (GPA). You've got to have an acceptable GMAT or GRE exam score to be admitted to graduate school.

This means you've got to do your very best to be selected by the college or university of your choice. No matter how confident you are in doing graduate work, there are always other students trying to score better than you on graduate admission tests. You need that competitive edge.

Learn how to use proven test-taking techniques to answer questions and solve problems quickly and easily!

- Test-taking "secrets" to assure yourself a competitive score
- How to use powerful tactics, strategies and techniques to crack the GMAT or GRE exam
- Tips for tackling verbal, comprehension, critical thinking, and quantitative questions
- How to boost your analytical writing assessment (AWA) scores
- The steps you need to manage your time during the exam
- Plus much, much more!

The GRE test has been changed! Learn what's new and what's different.

– Each review course is four Saturdays 8 a.m. to 12 p.m. –

For Spring 2012 Admission

GMAT Review
